**HEADING:** PROJECT ASSESSMENT - TEXT

**SUBJECT:** SHOULDER BUILD-UP

If milled AC is being used for shoulder build-up, then to avoid controversy about how it is placed, etc. the following statement shall be placed in Section D. Development Considerations of the Project Assessment:

Shoulder build-up will be placed in accordance with the 1996 Roadway Design Guidelines; Appendices; March 14, 1996 Shoulder Build-Up Design Guidelines.
