(TRAP 37 – STIP)
(727)

Mr. Gregory Byres, Division Director
Multimodal Planning Division
Arizona Department of Transportation, (300B)
Phoenix, AZ 85007

SUBJECT: Planning Finding and FYs 2019-2022 STIP Approval

Dear Mr. Byres:

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed our review of the FYs 2019-2022 Statewide Transportation Improvement Program (STIP) for the Arizona Department of Transportation (ADOT) as requested in Mr. Bret Anderson’s November 9, 2018 email and your October 2, 2018 letter.

To approve the STIP document, including Transportation Improvement Programs (TIP) contained by reference or directly in the STIP, FHWA and FTA must make a determination that each metropolitan TIP is based on a continuing, cooperative, and comprehensive planning process. In addition, we are required to issue a Planning Finding documenting the extent that all the projects in the STIP are based on a planning process in accordance with 23 U.S.C. 134, 135, 49 U.S.C. 5303 to 5305, and 23 CFR 450. This letter is the documented joint Planning Finding and Approval for ADOT’s FYs 2019-2022 STIP, and all the incorporated TIPs for the following metropolitan areas: Maricopa Association of Governments (MAG), Pima Association of Governments (PAG), Yuma Metropolitan Planning Organization (YMPO), Flagstaff Metropolitan Planning Organization (FMPO), Central Yavapai Metropolitan Planning Organization (CYMPO), Lake Havasu Metropolitan Planning Organization (LHMPO), Sun Corridor Metropolitan Planning Organization (SCMPO), and Sierra Vista Metropolitan Planning Organization (SVMPO). Also included are the rural Council of Government (COG) TIPs—Northern Arizona COG, Western Arizona COG, Southeastern Arizona Government Organization, and Central Arizona Governments—which have been reviewed jointly with the STIP.
CORRECTIVE ACTIONS
FHWA and FTA issued the previous Planning Finding on the FYs 2018-2021 STIP on January 25, 2018; it contained no corrective actions. Following our review of the FYs 2019-2022 STIP, no corrective actions are being issued at this time.

PLANNING PROCESS OBSERVATIONS AND SUGGESTED IMPROVEMENTS
The following areas of the statewide and metropolitan transportation planning processes have been identified for improvement.

The STIP
- 23 CFR 450.216 requires that financial constraint of the STIP shall be demonstrated and maintained by year. ADOT will need to give some thought on how to incorporate financial constraint into the e-STIP in the future. Members of our planning staff are available to discuss this concept further.
- Now that the new e-STIP has been brought on line, we would recommend that ADOT set up a meeting with FHWA and FTA planning staff to establish a process for review and approval of the STIP using the e-STIP as a tool for this approval. The ADOT STIP documentation provided in Bret Anderson’s November 9, 2018 email will also still need to be provided in some format, be it written or uploaded to the e-STIP. FHWA and FTA will still need to fully review MPO TIPs as part of the process since we have to check for many elements, not just project listings. In addition, we would like ADOT to explore the potential for various electronic approvals through the e-STIP for amendments.
- 23 CFR 450.226 requires that the STIP documents statewide performance management and targets. ADOT has sufficiently documented performance management and targets in this STIP submittal. In addition, as required in 23 CFR 450.340, three MPOs with new TIPs have also included performance management for safety targets. One MPO, CYMPO, failed to address the safety targets but they adopted the TIP before the May 27, 2018 full implementation date so they are deemed compliant for this requirement. All future TIP documents that are developed will need to address performance management and targets.

CYMPO TIP
- 23 CFR 450.340 requires that the TIP shall document performance management and the statewide targets that have been adopted by the MPO. This was not included in the CYMPO TIP, however the TIP was adopted prior to the May 27, 2018 implementation date. Future CYMPO TIP documents will need to include performance management and targets.
- 23 CFR 450.328 and 450.334 require that the MPO self-certify that they are addressing the major issues in the metropolitan planning area and are in accordance with Federal Planning Laws and Regulations. In the past, CYMPO met the requirement to issue a self-certification by submitting the document to our office in writing. We do not recall receiving a copy of the most recent self-certification. It is our recommendation that this document be included in the TIP. Most of the other MPOs already do this.
FMPO TIP
- 23 CFR 450.328 and 450.334 require that the MPO self-certify that they are addressing the major issues in metropolitan planning in accordance with Federal Planning Laws and Regulations. The self-certification document is in the TIP on the FMPO website but it isn’t signed by either FMPO or ADOT.

MAG TIP
- MAG continues to use the FYs 2018-2022 TIP, which had no comments.

PAG TIP
- PAG continues to use the FYs 2018-2022 TIP, which had no comments.

YMPO TIP
Since YMPO continues to use the FYs 2018-2022 TIP, comments from the previous planning finding are carried forward to this planning finding.
- 23 CFR 450.328 and 450.334 require the self-certification. The self-certification is included in the online TIP, but it isn’t signed by either YMPO or ADOT.

LHMPO TIP
- 23 CFR 450.324 requires that the TIP shall include financial information to adequately operate and maintain Federal-aid highways and public transportation. The TIP needs to include additional maintenance information.
- The TIP should include a copy of the self-certification as required under 23 CFR 450.334. The final TIP with a signed copy of the self-certification should be shown on the LHMPO website.

SCMPO TIP
Since SCMPO continues to use the FYs 2016-2025 TIP, two comments from the previous planning finding are carried forward to this planning finding.
- The SCMPO TIP does not include the annual listing of projects obligated in the previous year as required in 23 CFR 450.332. We would recommend adding a separate table to the next TIP to meet this requirement.
- 23 CFR 450.324 requires that the TIP shall include financial information to adequately operate and maintain Federal-aid highways and public transportation. The air quality table shows some pavement preservation projects for Casa Grande but the TIP needs to include additional maintenance information for all member jurisdictions. We would recommend a separate table to show anticipated maintenance expenditures.

SVMPO TIP
- The TIP should include a copy of the self-certification as required under 23 CFR 450.334. The final TIP with a signed copy of the self-certification should be shown on the SVMPO website.
Accordingly, the FHWA and the FTA, based on the State DOT and MPO(s) self-certifications of their statewide and metropolitan transportation planning processes, review of self-certification supporting documentation, Federal planning certifications of Transportation Management Areas within the State, and our involvement in the State and MPO transportation planning processes, hereby find that the STIP for FYs 2019-2022 is based on a transportation planning process that substantially meets the requirements of 23 U.S.C. Sections 134 and 135, 49 U.S.C. Sections 5303 to 5305, and 23 CFR 450. Our Planning Finding includes the entire State of Arizona.

The FYs 2019-2022 STIP is, therefore, approved. As usual, individual project approvals will require a separate action by the FHWA or FTA and the projects will need to satisfy all program requirements at that time of authorization.

If you have questions or would like additional information, please contact Ed Stillings of FHWA Arizona Division at 602.382.8966 or ed.stillings@dot.gov; or Darin Allan of FTA Region 9 at 415.734.9470 or darin.allan@dot.gov.

Sincerely,

Karla S. Petty

RE: Draft FY 2019-2023 ADOT State Transportation Improvement Program (STIP)

Dear Ms. Petty and Mr. Carranza:

The draft Fiscal Year 2019-2023 Arizona Department of Transportation (ADOT) Statewide Transportation Improvement Program (STIP) is now available on this website (http://www.azdot.gov/STIP) and at the ADOT Main Office Research Library and ADOT District Offices for the public to review and comment between October 5, 2018 and November 5, 2018. In addition, ADOT's Multimodal Planning Division would like to thank the staff from the ADOT's other Divisions, Arizona MPOs and Arizona COGs and Tribes for their efforts in assembling this draft document.

Please take the time to review the draft STIP and provide us with any revisions as ADOT is intended to submit the final version of the FY 2019-2023 ADOT STIP to Federal Highway Administration (FHWA)/Federal Transit Administration (FTA) for final approval at the end of the public comment period. If public comments are received, ADOT will submit the public comments during the 2nd week of November.

If you have further questions in regards to this draft STIP, feel free to contact Bret Anderson at banderson@azdot.gov or 602-712-8144.

Sincerely,

Greg Byres

STATEWIDE TRANSPORTATION PLANNING PROCESS SELF-CERTIFICATION

These certifications of the statewide transportation planning process are provided in accordance with the requirements of SAFETEA-LU (23 CFR §450.218). The certifications are reviewed to ensure that major issues of the State and non-urbanized areas are addressed and signed by the ADOT Multimodal Planning Division Director. The final approval of the STIP must be signed by the regional administrators of the Federal Highway Administration and the Federal Transit Administration.

II. The State and the MPO shall certify to FHWA and FTA that the planning process is addressing major issues in their region and conducted in accordance with all applicable transportation planning requirements.

III. Title VI of the Civil Right Act of 1964 as amended (42 USC §2000d-1) and 49 CFR Part 21

IV. Prohibits the exclusion from participation in, denial of benefits of, and discrimination under federally assisted programs on the grounds of race, color, or national origin.

V. 49 USC §5332 - Nondiscrimination

VI. Prohibits discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunities.

VII. Section 1101(b) of SAFETEA-LU (Pub. L. 109-59) and 49 CFR Part 26 – Disadvantaged Business Enterprises

VIII. Ensures nondiscrimination in the award and administration of Department of Transportation (DOT) - assisted contracts, the DOT’s highway, transit, and airport financial assistance programs. To ensure that Disadvantaged Business Enterprises meet eligibility standards and that they are able to compete fairly for DOT-assisted contracts.

IX. 23 CFR Part 230 – External Programs

X. Describes policies, procedures, and guidelines to implement an equal opportunity program on federal and federal-aid highway construction projects, and the preparation and submission of reports.

XI. Provisions of the Americans with Disabilities Act of 1990 (42 USC §12101 et seq.) and 49 CFR Parts 27, 37, and 38

XII. Ensures nondiscrimination based on disability in programs or activities receiving federal financial assistance. Regulations cover transportation for persons with disabilities, transportation services for the disabled, and accessibility specifications for transportation vehicles covered by the American with Disabilities Act (ADA).

XIII. Title 49 Transportation CFR Part 26 – Disadvantaged Business Enterprises
XIV. Ensures non-discrimination in the award and administration of DOT-assisted contracts the Department’s highway, transit, and airport financial assistance programs. To ensure that Disadvantaged Business Enterprises meet eligibility standards and that they are able to compete fairly for DOT-assisted contracts.

XV. Sections 174 and 176 (c) and (d) of the Clean Air Act as amended (42 USC 7504, 7506 (c) and (d)) and 40 CFR Part 93

XVI. Implement the planning process in nonattainment areas to determine which planning elements will be developed, adopted, and implemented to maintain or improve the air quality in the region.

XVII. The Older Americans Act, as amended (42 USC §6101) Age Discrimination

XVIII. Prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance.

XIX. 23 USC § 32 – Prohibition of Discrimination on the Basis of Sex

XX. Prohibits exclusion of a person on grounds of sex from the participation in, denied the benefits of, or subjected to discrimination under any program or activity receiving Federal assistance under this title.

XXI. Section 504 of the Rehabilitation Act of 1973 (29 USC 794) and 49 CFR Part 27

XXII. Prohibits exclusion of a person with disabilities from the participation in, denied the benefits of, or subjected to discrimination under any program or activity receiving Federal assistance under this title.

Karla S. Petty  
Arizona Administrator  
Federal Highway Administration  
4000 North Central Avenue  
Suite 1500  
Phoenix, AZ  85012-1906  

Dear Ms. Petty:

This is to affirm my involvement in state and metropolitan transportation planning under the requirements of Title 23 C.F.R. § 450.324. In matters related to federal regulations of transportation planning, I elect to delegate approval authority to John S. Halikowski, Director of the Arizona Department of Transportation (ADOT).

Approval responsibilities, in which the ADOT Director will serve as my designee, include the development of and amendments to Transportation Improvements Programs (STIP/TIP).

Thank you for your assistance and cooperation in working together for a better Arizona.

Sincerely,

Douglas A. Ducey  
Governor

EASTERN ARIZONA FEDERAL LANDS ACCESS PROGRAM
Memorandum

Subject: Fiscal Year 2019-2022 Transportation Improvement Program

Date: NOV 14 2018

From: Mr. Kurt A. Dowden
Chief of Business Operations, EFLHD

In Reply Refer To: HFPP-15

To: Ms. Karla Petty
Division Administrator
HAD-AZ

The Eastern Federal Lands Highway Division (EFLHD) has developed a FY2019-2022 Transportation Improvement Program (TIP) for transportation projects within Federal Lands. The Federal requirement under Title 23 U.S.C. Section 204 requires that the TIP be developed as part of the transportation planning process for Federal Lands projects. The attached spreadsheet contains an overall list of projects for your state. This list will soon be placed on the EFLHD website (https://flh.fhwa.dot.gov/programs/fl[/tip/efl.html]) to provide reference and information for citizens, affected public agencies, transportation agencies, private providers of transportation, and other interested parties. While your state is not formally within the EFLHD regional boundary, we are delivering the designated project(s) in coordination with the Central Federal Lands Highway Division (CFLHD) office in Lakewood, Colorado.

Through this transmittal, we are seeking your assistance in transmitting the EFLHD’s TIP to your State Department of Transportation for inclusion (as an appendix) into their Statewide Transportation Improvement Program (STIP) and to applicable Metropolitan Planning Organizations (MPOs). If you have questions or comments regarding the contents of the FY2019-2022 TIP, please contact Lewis Grimm, EFLHD Planning Team Leader, at (703) 404-6289 or Lewis.Grimm@dot.gov. Thank you for your assistance.

TRANSIT SECTION
ADOT Public Transit

ADOT Mission
To provide a safe, efficient, cost-effective transportation system

- Public Transit supports the mission by building capacity with our transit partners to link people, jobs and communities, safely and efficiently.

ADOT Vision
The standard of excellence for transportation systems and services.

- Public Transit supports the vision by working with transit stakeholders statewide to advocate for a complete system that leads to a sustainable Arizona.

ADOT Goals
Maximize available resources to provide essential services to ADOT's customers. Identify and explain the need for new, sustainable funding opportunities dedicated to multimodal transportation projects.

- Public Transit supports the department's goals by upholding the following values and strategies: Accountability, Integrity, Respect, Capacity Building, Standardization, Systemization, and Communication.

ADOT has been designated by the Governor to administer the Section 5303, 5304, 5310, 5311, 5329 and 5339 programs in Arizona. ADOT MPD administers and provides oversight for the FTA programs, as well as the Rural Transit Assistance Program, and other federal grant programs such as Surface Transportation Program funds that have been “flexed” to support Arizona’s transit programs. To administer these programs ADOT MPD works with regional Transportation Planning Agencies (in Arizona these are Metropolitan Planning Organizations and rural Councils of Governments) and directly with Subrecipients.

Duties of ADOT MPD include assistance throughout the grant processes, as well as subsequent monitoring of successful applicants. MPD also provides information, oversight, and technical assistance to Arizona communities, transportation planning agencies, transit agencies, and intercity carriers. ADOT operates no transit systems directly.
The funding programs Public Transit administer:

**Section 5303 & 5304 – Metropolitan and Statewide Planning**

These programs provide funding to support cooperative, continuous, and comprehensive planning for making transportation investment decisions in metropolitan areas and statewide.

**Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities**

This program is intended to enhance mobility for seniors and persons with disabilities by providing funds for programs to serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services.

**Section 5311 Formula Grants for Rural Areas**

This program provides capital, planning, and operating assistance to support public transportation in rural areas with populations less than 50,000, where many residents often rely on public transit to reach their destinations.

**Section 5311(b)(3) Rural Transit Assistance Program**

The Rural Transit Assistance Program (RTAP) provides a source of funding to assist in the design and implementation of training and technical assistance projects and other support services tailored to meet the needs of transit operators in nonurbanized areas.

**Section 5329 State Safety Oversight**

The State Safety Oversight Program increases safety and security in the public transportation network by establishing security standards and coordination mechanisms between various agencies. In addition, the eligibility of capital funding is expanded to include crime prevention and security activities.

**Section 5339 Bus and Bus Facilities**

Provides capital funding to replace, rehabilitate and purchase buses and related equipment and to construct bus-related facilities.

</tbody>
</table>

Years 2019-2022 are projections based on 2% growth from the 2018 apportionments except as noted below.
5339 Statewide is flatlined reflecting historical trends.
STBG is flatlined, determined by State Transportation Board action
The remainder have a 2% annual increase except for State Safety Oversight.
State Safety Oversight Funding is growing at 3% due to the construction of the light rail system. The formula includes lane miles as a part of the annual allocation.
Individual projects will be identified through the MPO TIP's. The awards may include funding from older grants not reflected here.
