ADOT No.	Doc/Sec/Page	Questions/Comments	Response
100.	Questions and Answers Matrix #4, Question 90. 5.3.5	The answer provided in Q&A Matrix #4 refers to a revised Section 5.3.5 in Addendum #5. However, the RFQ Addendum #5 does not seem to have any revisions to Section 5.3.5.	The correct page reference should be <u>Section 5.2.5</u> .
101.	Questions and Answers Matrix #4, Question 92.	In anticipation of the RFQ prior submission schedule, our team had already executed forms prior to the issuance of Addendum 4. Please confirm that the so long as the material on the forms have not changed since earlier Addenda, it is acceptable to submit forms with earlier versions of the footer.	As per the previous response, the Addendum #4 versions of forms must be used. All Addenda and Q&A Matrices must be acknowledged on <u>Form A</u> .
