Dear Mr. Mendez:

We have reviewed your April 6, 2007 request to amend the FY 2007-2011 Statewide Transportation Improvement Program (STIP) to include the enclosed list and table of four new transportation enhancement projects and one City of Show Low High Priority Project which were approved by the Northern Arizona Council of Governments Regional Council on February 22, 2007.

We accept this Amendment in accordance with 23 CFR 450 and find that this STIP amendment was developed based on a continuing, cooperative and comprehensive transportation planning process in accordance with the 23 USC 134 and Section 5303 of the Federal Transit Act (49 USC 53). RE: FY 2007-2011 STIP, Amendment Number 5

Dear Mr. Hollis: ^{Bob}

As the Governor's designee, I approve the action taken by the Northern Arizona Council of Governments (NACOG) Regional Council to amend the NACOG FY 2007-2010 Transportation Improvement Program (TIP). I cordially request Amendment Number 5 of the FY 2007-2011 State Transportation Improvement Program (STIP) to include four Round 14 local Transportation Enhancement projects and the City of Show Low's Scott Ranch Road HPP project listed on the attached sheet.

This amendment is in accordance with 23 CFR 450 and was developed based on a continuing, cooperative and comprehensive transportation planning process in accordance with 23 USC 134 and section 5303 of the Federal Transit Act (49 USC 53). The changes made to the program by this amendment are exempt from the requirements that a conformity determination be performed. The funding for these projects is already within the approved STIP Financial Plan and therefore does not adversely impact the STIP Financial Plan.

Your prompt approval of this request will be greatly appreciated.

Sincerely,

Victor M. Mendez

Re: NACOG Region TIP Amendments

Dear Mr. Zumpf: *Jim*

On February 22, 2007, NACOG's Regional Council unanimously approved the inclusion of the City of Show Low's Scott Ranch Road HPP project in the NACOG Regional Transportation Improvement Program. In addition, the Round 14 local Transportation Enhancement projects have also been included in the NACOG Regional TIP.

In order to allow the cities and counties to begin development of their projects, NACOG is requesting that the State Transportation Improvement Program be amended to include these projects. Details on each of the projects are attached.

If you have any questions regarding the amendments, please contact me.

Sincerely,

Chris
