Arizona Department of Transportation

Phoenix, Arizona 85007

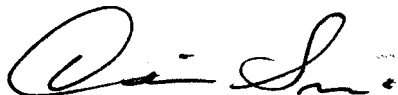

Dear ^{Victor} Director Mendez:

On July 25, 2007, the MAG Regional Council approved the FY 2008-2012 MAG Transportation Improvement Program (TIP). On October 24, 2007 the MAG Regional Council approved amendments and administrative modifications involving several highway and transit projects in the region. Details of these changes are shown in the attached tables. As the Governor's designee for approval of TIP's and TIP amendments, we request your approval of the amendments, which are necessary to ensure the continuation of the projects involved. In addition to approval of the TIP amendments, we also request that ADOT process the necessary amendments to the relevant Statewide Transportation Improvement Program.

All of the above projects are regarded as either exempt for air quality purposes or are regarded as minor project revisions that do not require conformity determinations. The conformity consultation process on these projects concluded on October 24, 2007, with no specific comments regarding the projects being received.

Your support and the assistance of your staff in ensuring the timely progression of these projects is much appreciated. We look forward to a continuing close relationship with the State in meeting the transportation needs of our region. Please contact me or Eileen Yazzie at the MAG office if you need any clarification regarding these amendments.

Sincerely,

Dennis Smith
Executive Director
