VICINITY MAP

SCALE: 1" = 400'

PLANS ARE DEVELOPED FROM RESULTS OF SURVEY BY:

URS GREINER, 10-08-1998, PROJ No. F-022-2-844,
TRACS No. 060 MA 137 H4573 01R, DRAWING No. D-7-T-896.

The New Right of Way shown on these drawings is based on an established highway centerline and section ties. The centerline and right of Way line has been established by field surveys of the RailRoad and Section Monumentation. These surveys were provided by URS Greiner for the ADOT Right of Way department. Section Monumentation shown as found or set refer to the URS Greiner survey. Topography taken from Topographic Maps E.R. 9819 M01 thru M23.
Individual land parcels are shown from record data, the dimensions shown on parcel lines have been derived from record information.

VICINITY MAP

SCALE: 1" = 400'

PLANS ARE DEVELOPED FROM RESULTS OF SURVEY BY:

URS GREINER, 10-08-1998, PROJ No. F-022-2-844,
TRACS No. 060 MA 137 H4573 01R, DRAWING No. D-7-T-896.

The New Right of Way shown on these drawings is based on an established highway centerline and section ties. The centerline and right of Way line has been established by field surveys of the RailRoad and Section Monumentation. These surveys were provided by URS Greiner for the ADOT Right of Way department. Section Monumentation shown as found or set refer to the URS Greiner survey. Topography taken from Topographic Maps E.R. 9819 M01 thru M23.
Individual land parcels are shown from record data, the dimensions shown on parcel lines have been derived from record information.

TRACS No. 060 MA 137 H4573 01R, DRAWING No. D-7-T-896.

The New Right of Way shown on these drawings is based on an established highway centerline and section ties. The centerline and right of Way line has been established by field surveys of the RailRoad and Section Monumentation. These surveys were provided by URS Greiner for the ADOT Right of Way department. Section Monumentation shown as found or set refer to the URS Greiner survey. Topography taken from Topographic Maps E.R. 9819 M01 thru M23.
Individual land parcels are shown from record data, the dimensions shown on parcel lines have been derived from record information.

RESULTS OF SURVEY

U.S. 60 - MORRISTOWN - DEER VALLEY ROAD

NOTES

1. This Results of Survey was prepared in part from the field survey performed by URS Greiner during the months of March, April and May of 1998. The purpose of the field survey was to verify coordinate information provided by ADOT for section corners and to locate and or set additional section corners and center of sections as directed by ADOT.

2. The Survey centerline alignment was derived from Arizona Department of Transportation engineering records as-built plans and right of way plans.
Project Numbers used:
SBM-022-2-702
F-022-2-508
F-022-2841
FA 76-3, 1941
Coordinates for the survey centerline were provided by ADOT.

3. The AT&SF Railroad tracks were surveyed to verify the location of the Survey and Existing Right of Way centerlines.

CERTIFICATION

I hereby certify that this survey was performed under my direct supervision during the months of March, April and May of 1998 and meets the "Minimum Standards For Arizona Land Boundary Survey" as adopted by the State Board of Technical Registration, November 15, 1989.

Robert J. Pecha, R.L.S. 21080
