\* Does Not Apply to Break-away Base Foundation Applications, Maximum Projection For these Applications is  $3/_2$ " above the foundation and 4" above the surrounding grade.

## NOTES:

- 1. All anchor bolts shall be ASTM F1554 grade 55 steel.
- 2. All anchor bolts, nuts and washers shall be fully galvanized per ASTM A153. Only the top 1'-8 of the anchor bolts shall be galvanized.
- 3. Each anchor bolt shall have four hex nuts and two flat washers, all to be furnished with pole.
- 4. See Std Dwg T.S. 5 series for additional foundation and anchor bolt details, and requirements for break-away bases.
- 5. Washers with dimensions conforming to ASTM F436 may be used in lieu of the sizes in the table.
