

Please Drive Safely

- Pack extra supplies (drinking water) and a first-aid kit.
- Expect the unexpected, including unscheduled closures.
- Check your vehicle, including tire pressure and engine fluids.
- Get rest before traveling, fatigue is a serious risk.
- Buckle up and obey speed limits.
- Never drive while impaired. Arrange for a designated driver.
- Secure trailer chains to keep them from dragging on the pavement. Dragging chains can create sparks and ignite a brush fire.
- Avoid stopping in areas with taller grasses or brush. Hot vehicle parts could spark a fire.
- Allow extra time and be prepared to slow down, merge safely and use caution in all work zones.

I-17 Travel Advisory

No construction closures are scheduled on I-17 north of Phoenix over the holiday weekend. Some navigation apps have inaccurately shown a northbound I-17 closure near Black Canyon City, rather than a traffic shift that's now in place.

- Check on highway conditions by visiting **ADOT's Traveler Information site** at az511.gov or by calling 511.
- ADOT updates are also available on X ([@ArizonaDOT](https://twitter.com/ArizonaDOT)).

Additional weekend freeway restriction information listed on ADOT's website: azdot.gov – under ADOT News.
