3.02 APPROVED COST PROPOSAL SUMMARY (APPENDIX B)

SECTION 4.0 UNIFORM TERMS AND CONDITIONS

4.01 GENERAL COMPLIANCE WITH LAWS

The CONSULTANT shall comply with all Federal, State laws and regulations, and local ordinances, as they relate to the performance of work under this CONTRACT.

4.02 GOVERNING LAW - ARIZONA

The interpretation of this CONTRACT and the rights and duties of the parties shall be governed by Arizona law.

4.03 MONTHLY PROGRESS AND WORK-HOUR REPORTS

The CONSULTANT is required to submit monthly Progress Reports with all Payment Reports to the ADOT Project Manager (PM). The form and format to be utilized are provided in the Post-Award Instruction Package, on the Engineering Consultants Section (ECS) website or in eCMS. The CONSULTANT, unless notified otherwise, is required to submit a monthly progress report and work-hours report, expended to date on the project by labor category and design elements. The PM or the ECS Contract Specialist (ECS Specialist) may request further breakdown by personnel name and wage classification. Failure to meet this requirement may result in delay in processing the monthly payments to the CONSULTANT.

4.04 PAYMENT REPORTS/INVOICES

The CONSULTANT shall invoice ADOT on or before the end of each month for work performed under this CONTRACT or no later than _____th day of the month. The CONSULTANT shall report its monthly costs on the Payment Report (PR) form provided by ECS. If no work has been performed in any month, the CONSULTANT shall still submit a zero (\$0.00) PR indicating that no work has been performed for that month. The CONSULTANT shall submit PR for reimbursement to ADOT for work performed by its Subconsultants within 30 days of receipt of invoice from the Subconsultant, even though the prime CONSULTANT may not have performed any work during the preceding month.

A monthly summary of costs billed by category or subcategory shall be included with the monthly PR submitted. The PR shall be formatted to permit comparison of actual to proposed costs and shall be submitted with the required information and supporting documentation based on the CONTRACT compensation type. The PR shall also include a breakdown of costs incurred by each Subconsultant who completed work for the time period requested. The PR shall be submitted for reimbursement to the ADOT PM, electronically or on forms provided by ECS. The PPRs must be approved by the ADOT PM and the ECS Specialist.

4.05 LATE SUBMITTAL OF PAYMENT REPORTS

Unless waived by the DEPARTMENT in writing, all PRs for work performed under this CONTRACT shall be submitted within 30 days from date of acceptance of the completed portion of the work performed. The DEPARTMENT, in its sole option, may refuse to pay any late invoices or may deduct a reasonable amount of damages. The CONSULTANT is made aware that late submission of PRs may cause substantial damages to the DEPARTMENT, including but not limited to, difficulty in obtaining or inability to obtain federal reimbursement, budget allocations and inability to verify work and hours. If work performed or costs incurred during the State fiscal year end June 30th is not invoiced by the following August 31st, the DEPARTMENT shall not pay for work or costs incurred.

Repeated violation of the requirement to submit timely PR in accordance with the terms of this CONTRACT shall result in sanctions including and up to liquidated damages, CONTRACT termination, and removal of the offending party or disqualification of the offending CONSULTANT or Subconsultant from future ADOT projects. ADOT shall not be obligated to pay invoices that are submitted more than 60 calendar days after the end of the State fiscal year in which costs were incurred.

4.06 PROMPT PAY LEGISLATION (A.R.S. §28-411)

In accordance with the Arizona Prompt Payment Law (A.R.S. §28-411), ADOT must issue payments to CONSULTANTS within 21 calendar days after receipt of complete and accurate PR unless proper objection is made under the statute. The law also requires the CONSULTANT to pay their Subconsultants within seven (7) calendar days after receiving payment from ADOT, to the extent of each Subconsultant's contractual interest in the payment, subject to provision of the statute.

Incomplete or incorrect PR shall be returned to the CONSULTANT within seven (7) calendar days of receipt by ADOT. The 21-calendar-day payment timeframe shall begin anew upon receipt of the complete and corrected PR.

The DEPARTMENT shall not withhold retention on progress payments; however, if satisfactory progress has not been made on the project, the DEPARTMENT may first retain a maximum of 10% of the current and subsequent billings. If unsatisfactory progress continues for a second subsequent month, the DEPARTMENT may, at its sole option, refuse to make progress

payment(s) of such sums, which the DEPARTMENT considers necessary. This provision shall not limit the DEPARTMENT'S rights to terminate the CONTRACT for default.

The CONSULTANTS shall not withhold the Subconsultant's payment if ADOT has paid the full value of services rendered. Failure by the CONSULTANT to invoice ADOT in accordance with the terms of this CONTRACT and/or pay its Subconsultants in accordance with the Arizona Prompt Pay Law is a material breach of the CONTRACT and the CONSULTANT shall be subject to disqualification in accordance with Section 2.02 of ECS Rules (Revised August 2010). ADOT reserves the right to request that CONSULTANT provides proof of payment to its Subconsultants.

Furthermore, the CONSULTANT shall be found to be in breach of the CONTRACT if it executes subcontract agreements with Subconsultants, DBE and non-DBE, which materially change the Prompt Pay requirement. This action may result in termination of the CONTRACT, or any other such remedy as deemed appropriate by the DEPARTMENT.

4.07 CONTRACT MODIFICATIONS

The Contract Modifications (CM), which define and limit the terms of the CONTRACT, such as CONSULTANT compensation, must be approved in writing by the DEPARTMENT, and shall be submitted in the form and format provided by the DEPARTMENT. The CONSULTANT shall be compensated only with prior written authorization by the DEPARTMENT. Any administrative/technical costs associated with the preparation of said modifications are solely the responsibility of the CONSULTANT.

a. BILATERAL MODIFICATIONS

Significant changes in the scope, character, or complexity of the work may be negotiated if it is mutually agreed that such changes are desirable and necessary. CONTRACT changes defining and limiting the work and compensation must be authorized by the DEPARTMENT. Such bilateral modifications shall be made in writing, and it is expressly understood and agreed that no claim for extra work performed or materials furnished shall be made by the CONSULTANT until authorization to proceed is granted, in writing, by the DEPARTMENT.

b. UNILATERAL (CHANGE ORDERS)

The DEPARTMENT may at any time, by written order, and without notice to sureties, if any, make or direct changes within the general scope of this CONTRACT in the services to be performed.

4.08 CONTRACT TIME EXTENSIONS

A CONTRACT Time Extension may be granted as determined by ADOT. A time extension is valid only if approved in writing as a modification to this CONTRACT. Time extensions for projects using Federal-Aid Highway funds over five (5) years after the original CONTRACT completion date must be approved by the Federal Highway Administration (FHWA).

4.09 DISPUTE ESCALATION

The following dispute escalation levels shall be utilized to resolve disputes during the course of this CONTRACT. The following dispute escalation levels shall be utilized in the event the ADOT PM, CONSULTANT PM or ECS Specialist are unable to agree on the scope, level of effort, cost or any other issues related to this CONTRACT. It is the intent of the DEPARTMENT to resolve disputes at the lowest level possible. If agreement cannot be reached at that level, then the matter is escalated to the next higher level of management.

The following table depicts the dispute resolution escalation levels for CONTRACT issues:

Level	ADOT	CONSULTANT	ECS
Level 1	Project Manager/ Resident Engineer	Project Manager	Contract Specialist
Level 2	Project Manager/ Section Manager/ District Engineer	Project Principal/ Project Manager	Contract Manager
Level 3	Group Manager/ Assistant State Engineer/ District Engineer	Project Principal	ECS Assistant Director
Level 4	Deputy State Engineer/ State Engineer	Project Principal	ECS Director

The decision of the State Engineer is final. Failure to agree at any level constitutes escalation to the next level.

Failure by the CONSULTANT to utilize the escalation process shall constitute a waiver of any claims for additional compensation or any other relief.

4.10 FORCE MAJEURE

For delays that are beyond the CONSULTANT'S control, such as a force majeure, and upon written request from the CONSULTANT, the DEPARTMENT'S authorized representative shall negotiate an adjustment to the project schedule set forth in the SOQ and Scope of Work of this CONTRACT. A "force majeure event" is an event beyond the CONSULTANT'S reasonable control, including but not limited to, unusually severe weather, fire, floods, acts of God, labor disputes, acts of war or terrorism. The CONSULTANT shall use all reasonable efforts to minimize the duration and consequences or any delay resulting from a force majeure and shall give the DEPARTMENT prompt notice of the occurrence of such an event. It shall be the CONSULTANT'S responsibility to promptly notify, in writing, the ADOT PM and other ADOT representatives if the project cannot be completed as scheduled for any reason. The ADOT PM shall have the authority to adjust the schedule, in writing, within the term of this CONTRACT.

4.11 ELECTRONIC PLAN DOCUMENTATION

The CONSULTANT shall adhere to the current DEPARTMENT development standards and As-Built policy (ENG10-1) on the ADOT website on the date the plans or data are submitted. It is the CONSULTANT'S responsibility to provide all plans, specifications, surveys, and associated data in the DEPARTMENT'S acceptable electronic format through a File Transfer Protocol (FTP) site; alternatively, two (2) copies of the electronic files shall be submitted on one or more CD-ROM/DVD.

All project data shall be organized in the DEPARTMENT'S project directory structure (all files in one folder, with no subfolders). It is the CONSULTANT responsibility to be aware of all current DEPARTMENT requirements and formats. The DEPARTMENT'S CADD requirements and formats can be found at http://www.asdot.gov/highways/cms/standards/standards_v8.asp. Redline and As-Built Procedures and Guidelines can be found at <http://www.azdot.gov/Highways/SWProjMgmt/PDF/RedlinesAsbuilt.pdf>.

4.12 ERRORS AND OMISSIONS

If ADOT determines that the CONSULTANT had made any errors and/or omissions (E&O) in the work product delivered to the DEPARTMENT under the terms of this CONTRACT, the

CONSULTANT shall make all necessary revisions or corrections resulting from E&O without additional cost to ADOT. Error and Omission is defined as a deviation from the standard of care on the part of a design engineering consultant in the performance of Architectural and Engineering services under this CONTRACT. ADOT shall actively pursue the resolution of E&Os at the lowest possible level within a reasonable timeframe in accordance with the most current version of ADOT's Errors & Omissions by Consultant Policy which is available on the ECS website. Below are the general E&O procedures:

- a) ADOT shall conduct an Initial Review of all documentation and shall notify the CONSULTANT that there is an E&O. If the CONSULTANT agrees with ADOT'S Initial Review decision, the CONSULTANT shall remit payment to ECS within ten (10) business days from ADOT'S written notification. If the CONSULTANT disagrees with ADOT'S decision, the CONSULTANT may appeal the E&O decision through the following three (3) levels of Administrative Reviews.

Level	Chairperson/Facilitator	Participants
Level 1	ADOT Value and Quality Assurance Section Manager (VQA) - Facilitator	ADOT Project Manager, Resident Engineer, other applicable ADOT Section, representatives and the CONSULTANT
Level 2	VQA (Facilitator) Assistant State Engineer-Construction (Chairperson)	Applicable design Assistant State Engineer, District Engineer, Resident Engineer, ADOT Project Manager, and the CONSULTANT
Level 3	VQA (Facilitator) Deputy State Engineer-Development (Chairperson)	Deputy State Engineer-Operations or Valley Transportation, a 3rd party ADOT representative selected by the Chairperson, and the CONSULTANT

- b) During the Administrative Review process, the CONSULTANT'S failure to make timely submissions or respond to ADOT's request shall constitute an admission of deficiency as identified by ADOT. Time extensions for any phase of the process may be granted by ADOT if requested in writing by the CONSULTANT. No dispute shall be escalated to the next level of Administrative Review unless the dispute has been reviewed at the preceding level and the CONSULTANT disagrees with the decision, in writing, within the specified timeframes.

- c) If any Administrative Review Panel determines that the issue under consideration is not an E&O, ECS will send written notification to the CONSULTANT that the issue has been resolved. If any Administrative Review Panel determines that the issue under consideration is an E&O, ECS shall send written notification to the CONSULTANT with a request for payment. The CONSULTANT shall have ten (10) business days to respond to the DEPARTMENT'S decision.

1. If the CONSULTANT agrees with ADOT'S decision, the CONSULTANT shall forward payment to ECS within ten (10) business days from ADOT notification and ECS shall notify all parties in writing within five (5) business days from receipt of payment that the issue has been settled; or

2. If the CONSULTANT disagrees with ADOT'S decision, the CONSULTANT must respond to ECS in writing within ten (10) business days from ADOT notification requesting the next level of Administrative Review.
 3. If the CONSULTANT does not respond within the specified timeframe, the CONSULTANT'S non-response shall be deemed by ADOT as the CONSULTANT'S acceptance of the E&O decision. The dispute shall be withdrawn from the administrative process and there shall be no further administrative remedies available to the CONSULTANT. ECS will send a non-responsive letter to the CONSULTANT notifying the firm of the termination of the administrative review process and that the CONSULTANT'S action or inaction resulted in admission of ADOT'S E&O decision.
- d) If the issue is not resolved after three levels of Administrative Reviews and the amount under dispute is less than \$500,000, either party (ADOT or CONSULTANT) has the option to arbitrate the matter within 60 days from the third level Administrative Review decision. Any arbitration costs shall be equally borne by both parties. The E&O shall be arbitrated under the relevant rules of the American Arbitration Association (AAA) in accordance with the CONTRACT terms and shall be binding for both parties.

For unresolved E&O issues over \$500,000 that went through the three levels of Administrative Review, ADOT may initiate litigation to resolve E&Os. Each party shall bear its own litigation costs (e.g., attorney's fees, expert fees, etc.).

4.13 CONSULTANT OR SUBCONSULTANT ENDORSEMENT OF PLANS

Pursuant to the Arizona Administrative Code (A.A.C.) R4-30-304 (Use of Seals) which is incorporated herein by reference and hereby made a part of this CONTRACT, the CONSULTANT shall affix a proper engineer's seal to all plans, reports and engineering data furnished under this CONTRACT.

4.14 ARBITRATION

The parties agree to use arbitration, after exhausting applicable administrative reviews, to resolve disputes arising out of this agreement where the sole relief sought are monetary damages of \$500,000 or less, exclusive of interest and costs.

The arbitration shall be submitted under the relevant rules of the American Arbitration Association (AAA) in effect as of the date of the demand for arbitration. The matter disputed shall be submitted to an arbitrator mutually selected by the DEPARTMENT and the CONSULTANT.

4.15 LITIGATION

In the event of litigation between the CONSULTANT and the DEPARTMENT involving this CONTRACT, the laws and decisions of the State of Arizona shall apply and any such litigation shall be commenced and prosecuted in the Maricopa County Superior Court, State of Arizona.

4.16 SUSPENSION OF WORK

Work on this CONTRACT may be suspended by written order at the DEPARTMENT'S sole discretion. The CONSULTANT is not entitled to any compensation when work is suspended.

4.17 PROJECT DELAYS, POSTPONEMENTS AND EXTENSIONS

The CONSULTANT agrees that no charges or claims for damages shall be made against the DEPARTMENT for any delays or hindrances during the progress of this CONTRACT unless delays are caused by the DEPARTMENT. Such delays or hindrances, if any, shall be covered by an extension of time for a reasonable period as mutually agreed upon between the parties. It is agreed and understood, however, that permission to proceed with the CONTRACT after the established completion date, shall not be construed as a waiver by the DEPARTMENT of any of its rights under this CONTRACT.

4.18 TERMINATION FOR DEFAULT OR CONVENIENCE

a. Termination for Default

The DEPARTMENT may terminate this CONTRACT for default under the following circumstances:

1. CONSULTANT'S failure to perform the services as detailed herein and in any modifications to this CONTRACT.
2. CONSULTANT'S failure to complete this CONTRACT within the timeframe specified herein and in any modifications to this CONTRACT.
3. CONSULTANT'S failure to comply with any of the material terms of this CONTRACT.

If the DEPARTMENT contemplates termination under the provisions of Subsections a.1., a.2., or a.3. above, the DEPARTMENT shall issue a written notice of default describing the deficiency. The CONSULTANT shall have five (5) business days to cure such deficiency. In the event the CONSULTANT does not cure such deficiency, the DEPARTMENT may terminate the CONTRACT without further consideration by issuing a Notice of Termination for Default and may recover compensation for damages.

If, after the Notice of Termination for Default has been issued, it is determined that the CONSULTANT was not in default or the termination for default was otherwise improper, the termination shall be deemed to have been a Termination for Convenience.

b. Termination for Convenience

The DEPARTMENT may terminate the CONTRACT for convenience, in whole or in part, when, for any reason, the DEPARTMENT determines that such termination is in its best interest. The CONTRACT termination is effected by notifying the CONSULTANT, in writing, specifying that all or a portion of the CONTRACT is terminated for convenience and the termination effective date. The CONSULTANT shall be compensated only for work satisfactorily completed prior to the termination of the CONTRACT. The CONSULTANT is not entitled to loss or profit. The amount due to the CONSULTANT is determined by ADOT.

In the event of termination for convenience, the DEPARTMENT shall be liable to the CONSULTANT only for CONSULTANT'S work performed prior to termination and only to the extent and as provided in SECTION 3.0 (COMPENSATION clause) of this CONTRACT.

c. The DEPARTMENT'S Right to Proceed with Work

In the event this CONTRACT is terminated, the DEPARTMENT shall have the option of completing the CONTRACT or entering into an agreement with another party to complete services outlined in the CONTRACT.

4.19 CANCELLATION

In accordance with A.R.S. §38-511 (A), the DEPARTMENT may cancel the CONTRACT, without penalty or further obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating the CONTRACT on behalf of the DEPARTMENT or any of its departments or agencies is, at any time while the CONTRACT or any extension of the CONTRACT is in effect, either (1) an employee of the CONSULTANT in any capacity, or (2) a consultant to the CONSULTANT or an employee or consultant to a Subconsultant with respect to the subject matter of the CONTRACT. The cancellation shall be effective when written notice from the DEPARTMENT is received by all other parties to the CONTRACT unless the notice specifies a later timeframe.

4.20 INSURANCE

The CONSULTANT and all Subconsultants shall procure and maintain until all of their obligations have been discharged, including any warranty periods under this CONTRACT, are satisfied, insurance against claims for injury to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the CONSULTANT, his agents, representatives, employees or Subconsultants .

The insurance requirements herein are minimum requirements for this CONTRACT and in no way limit the indemnity covenants contained in this CONTRACT. The State of Arizona in no way warrants that the minimum limits contained herein are sufficient to protect the CONSULTANT from liabilities that might arise out of the performance of the work under this CONTRACT by the CONSULTANT, its agents, representatives, employees or Subconsultants, and CONSULTANT is free to purchase additional insurance.

4.45 NONDISCRIMINATION

1. During the performance of this CONTRACT, the CONSULTANT, for itself, its Subconsultants, assignees and successors shall:
 - a. Not discriminate on the basis of race, color, national origin, or sex and shall carry out applicable requirements of 49 CFR Part 26 in the performance of this CONTRACT. Failure by the CONSULTANT to carry out these requirements is a material breach of this CONTRACT, which may result in the termination of this CONTRACT, disqualification from proposing on other CONTRACTS or other remedy as the STATE deems appropriate.
 - b. Comply with Executive Order 99-4, "Prohibition of Discrimination in Employment by Government contractors and Subcontractors," which is hereby included in its entirety by reference and considered a part of this CONTRACT.
 - c. Comply with the provisions of Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented in Department of Labor Regulations (41 CFR Part 60). Said provisions are made applicable by reference and are hereinafter considered a part of this CONTRACT.
 - d. Post in conspicuous places available to employees and applicants for employment, the following notice:

"It is the policy of this company not to discriminate against any employee, or applicant for employment, because of race, color, religion, creed, national origin, sex, age, handicapped, or disabled veterans and Vietnam era veterans. Such actions shall include, but are not limited to: employment, upgrading, demotion, transfer, recruitment, or recruitment advertising; laying-off or termination; rates of pay or other compensation; and selection for training, and on-the-job training. Also, it is the policy to insure and maintain a working environment free of harassment, intimidation and coercion."
 - e. Comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter DOT), 49 CFR Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this CONTRACT.

- f. Not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The CONSULTANT shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices.
 - g. In all solicitations either by competitive bidding or negotiations made by the CONSULTANT for work to be performed under a subcontract, including procurement of materials or leases of equipment, notify each potential Subconsultant or supplier of the CONSULTANT'S obligations under this CONTRACT and the Regulations relative to nondiscrimination on the ground of race, color, or national origin.
 - h. Provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the STATE to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a CONSULTANT is in the exclusive possession of another who fails or refuses to furnish this information, the CONSULTANT shall so certify to the STATE as appropriate, and shall set forth what efforts it has made to obtain the information.
2. In the event of the CONSULTANT'S noncompliance with the nondiscrimination provisions of this CONTRACT, the STATE shall impose such CONTRACT sanctions as the STATE or FHWA may determine to be appropriate, including but not limited to:
 - a. Withholding of payments to the CONSULTANT under the CONTRACT until the CONSULTANT complies, and/or;
 - b. Cancellation, termination, or suspension of the CONTRACT, in whole or in part.
 3. The CONSULTANT shall include the provisions of paragraph 1.a. through h. in every subcontract with Subconsultants, DBEs and Non-DBEs, including procurement of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto.
 4. The CONSULTANT shall take such action with respect to any Subconsultants or procurement as the STATE or the Federal Aviation Administration (FAA), FHWA and the Federal Transit Administration (FTA) may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the CONSULTANT becomes involved in or is threatened with litigation with a Subconsultant or supplier as a result of such direction, the CONSULTANT may request the STATE to enter into such litigation to protect the interests of the STATE, and in addition, the CONSULTANT may request the United States to enter into such litigation to protect the interests of the United States.

4.46 AFFIRMATIVE ACTION (FOR FEDERAL-AID FUNDED CONTRACTS)

CONSULTANT shall take the following affirmative action steps with respect to securing supplies, equipment or services under the terms of this CONTRACT:

1. Include qualified firms owned by socially and economically disadvantaged individuals on solicitation lists.
2. Assure that firms owned by socially and economically disadvantaged individuals are solicited whenever they are potential sources.
3. When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum participation by firms owned by socially and economically disadvantaged individuals.
4. Where the requirement permits, establish delivery schedules which shall encourage participation by firms owned by socially and economically disadvantaged individuals.
5. Use the services and assistance of ADOT DBE Supportive Services Program, the Small Business Administration, the Office of Minority Business Enterprise of the Department of Commerce and the Community Services Administration as needed.

4.47 PARTICIPATION BY DISADVANTAGED BUSINESS ENTERPRISES

1. The Department has established a Disadvantaged Business Enterprise (DBE) Program in accordance with the regulations of the U.S. Department of Transportation (USDOT), 49 CFR Part 26. ADOT has received federal financial assistance from the USDOT and as a condition of receiving this assistance, ADOT has signed an assurance that it shall comply with 49 CFR Part 26.

It is ADOT's policy to ensure that DBEs, as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in federally-funded contracts. It is also ADOT's policy to:

- a. Ensure nondiscrimination in the award and administration of federally-funded contracts;
- b. Create a level playing field on which DBEs can compete fairly for federally-funded contracts;
- c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility requirements are counted as DBEs;
- e. Help remove barriers to the participation of DBEs in federally-funded contracts; and
- f. Assist in the development of firms that can compete successfully in the marketplace.

Federal regulations require a recipient of federal highway funding to implement an approved DBE Program that consists of establishing a statewide DBE utilization goal and using race-neutral means to the maximum feasible extent to achieve the goal. Where race-neutral measures prove inadequate to achieve the goal, the STATE is required to use race-conscious measures, such as a DBE participation goal for individual contracts.

The Department has established an overall annual goal for DBE participation on Federal-aid contracts. The Department intends to meet the goal with a combination of race-conscious

efforts and race-neutral efforts. Race-conscious participation occurs where the CONSULTANT uses a percentage of DBEs to meet a contract-specified goal. Race-neutral efforts are those that are, or can be, used to assist all small businesses or increase opportunities for all small businesses.

2. **DBE GOAL/COMMITMENT AND DOCUMENTATION:**

- a. A DBE GOAL OF ____% HAS BEEN ESTABLISHED ON THIS CONTRACT. THE CONSULTANT IS ENCOURAGED TO OBTAIN DBE PARTICIPATION ABOVE AND BEYOND THE GOAL ON THIS PROJECT. DBE GOAL ATTAINMENT WILL BE REVIEWED ON A TASK ORDER BY TASK ORDER BASIS TO HELP ENSURE THAT OVERALL DBE GOAL IS MET ON THIS CONTRACT.
- b. The CONSULTANT is required to adhere to the DBE goal/commitment made to utilize certified DBEs as indicated in the firm's Statement of Qualifications (SOQ) or the Prime and Subconsultant DBE Affidavits submitted with each approved Task Order, or subsequently agreed to by the STATE during negotiations. The STATE, at its discretion and on a case by case basis, may waive the above limitations.
- c. With each new Task Order request, the CONSULTANT is required to submit the following documents certifying that:

1. The firm will meet or exceed the established CONTRACT DBE goal for the Task Order by providing:

- a. A notarized *Prime Consultant Intended DBE Participation Affidavit*, if the CONSULTANT is a DBE firm. The form is available on the ECS website (http://www.azdot.gov/highways/ecs/dbe_program.asp) and must be submitted with the cost proposal.

OR

- b. A notarized *Prime Consultant Intended DBE Participation Affidavit* and a completed *Subconsultant Intended DBE Participation Affidavit* for each DBE Subconsultant working on each Task Order. These forms are available on the ECS website (http://www.azdot.gov/highways/ecs/dbe_program.asp) and must be submitted with the cost proposal for each Task Order.

OR

2. The firm has made good faith efforts to meet the DBE goal for the Task Order but did not succeed in achieving the DBE goal. The CONSULTANT shall document the good faith efforts on the Consultant Certification of Good Faith Efforts form (must be notarized). This form is available on the ECS website (http://www.azdot.gov/highways/ecs/dbe_program.asp) and must be submitted with the cost proposal for each Task Order in which the firm is unable to meet the CONTRACT DBE goal.

TASK ORDERS WILL NOT BE EXECUTED IF ONE OF THE ABOVE CONDITIONS ARE NOT MET AND/OR THE FIRM FAILS TO SUBMIT

THE REQUIRED DBE PARTICIPATION FORMS FOR EACH TASK ORDER COST PROPOSAL.

- d. ADOT shall make the determination whether the CONSULTANT has made a satisfactory good faith effort to secure certified DBEs to meet the CONTRACT goal in accordance with 49 CFR Part 26. If ADOT determines that the CONSULTANT has not met the DBE goal or has not made an adequate good faith effort to meet the DBE goal on a given Task Order, ADOT shall terminate the Task Order negotiations with the firm. If the CONSULTANT wishes to dispute the Good Faith Effort determination, the CONSULTANT may escalate the decision according to the levels outlined in Section 4.07 (Dispute Resolution) of this CONTRACT. The ADOT Civil Rights Office (CRO) will be represented at each escalation level with the goal of resolving the matter at the lowest possible level.

3. COMPLIANCE:

- a. This CONTRACT is subject to DBE compliance tracking. The CONSULTANT and its Subconsultants, Tier-Subconsultants and Vendors are required to provide any requested DBE CONTRACT compliance-related data in hard copy or electronically as determined by the STATE, including written agreements between the CONSULTANT and Subconsultant DBEs. The CONSULTANT must report the amount earned by and paid to each DBE and Non-DBE Subconsultants working on the project for the preceding month on each monthly Progress Payment Report. The CONSULTANT is responsible for ensuring that the CONSULTANT and all its Subconsultants and lower-tier Subconsultants have completed all requested items and that their contact information is accurate and up-to-date.
- b. The CONSULTANT'S achievement of the DBE goal is measured by actual payments made to the DBEs. At the completion of the project, the CONSULTANT shall complete and submit a "Certification of Payments to DBE Firms" affidavit for each DBE firm working on the project. This affidavit shall be signed by the CONSULTANT and the relevant DBE Subconsultant and submitted to ECS and CRO.

4. REPORTING AND SANCTIONS:

- a. ADOT is required to collect DBE participation data on all federal aid projects, whether or not there is a stated DBE goal/commitment on this CONTRACT. Therefore, the CONSULTANT shall report the monthly payments made to all DBE, Non-DBE Subconsultants and Direct Expense Vendors, including all Tier-Subconsultants, for labor, equipment, and materials. If the CONSULTANT and its Subconsultants do not provide all required DBE usage and payment information with the monthly Progress Payment Reports (PRs) submittals for the preceding month, the STATE shall deduct \$1,000 for each delinquent report, whether from the CONSULTANT or any of its Subconsultants, from the progress payment for the current month, not as a penalty but as liquidated damages. If by the following month, the required DBE payment information for the previous month has still not been provided, the STATE shall deduct an additional \$1,000 for each delinquent report. Such deductions shall continue for each subsequent month that the CONSULTANT or its Subconsultants fail to provide the required payment information.
- b. DBEs shall confirm the payments received from the CONSULTANT through CRO'S DBE Contract & Labor Compliance Management System.

- c. After execution of the CONTRACT and before the first Payment Report/Invoice is submitted to ECS, the CONSULTANT is required to log into the CRO'S online DBE Contract & Labor Compliance Management System (<https://adot.dbesystem.com>) and enter the name, contact information, and subcontract amounts for all Subconsultants, Tier-Subconsultants and Direct Expense vendors performing any work on the project to help ADOT track payments to DBEs and all Subconsultants on the project and to confirm that the scopes of services and commitments made via the DBE Intended Participation Affidavits are being met.
 - d. All DBE and non-DBE subcontracting activities and payments must be reported by the CONSULTANT. All DBE subcontracting activities will be counted toward DBE participation. This includes lower-tiers subcontracting activities regardless of whether or not the DBE is under contract with another DBE.
5. At the completion of the contract, the CONSULTANT must submit a Certificate of Payment Affidavit certifying that all DBEs were paid in full for material and/or work promised and performed under the terms of the CONTRACT.
 6. **DBE SUBSTITUTION OR REPLACEMENT:**
 - a. The CONSULTANT must not terminate a DBE Subconsultant listed in the SOQ or the Prime or Subconsultant DBE Affidavit submitted with each approved Task Order without the prior written consent of the STATE.
 - b. If a Subconsultant is terminated, or fails to complete its work on the CONTRACT for any reason, the CONSULTANT must make a good faith effort to find another DBE to perform at the least the same amount of work under the CONTRACT as the DBE that was terminated, to the extent needed to meet the DBE commitment percentage established in the CONTRACT.
 7. The Department, at its sole discretion, may terminate the CONTRACT at any time if the Department determines that the CONSULTANT is not satisfactorily meeting the DBE goals/commitment stated in the CONTRACT or is not making satisfactory good faith efforts to meet the goal.

4.48 COUNTING DBE PARTICIPATION

In counting participation of DBEs, the Department shall apply the rules in 49 CFR §26.55 (see APPENDIX C) as a supplement herein. The firm must count only the value of the work actually performed by the DBE toward DBE goals.

1. CONTRACTS created to artificially create DBE participation are not acceptable; the arrangement must be within normal industry practices. The DBE must perform a commercially useful function.
2. Count the entire amount of that portion of a CONTRACT (or other CONTRACT not covered by paragraph 2 of this section) that is performed by the DBE's own forces. Firms should include the cost of supplies and materials obtained by the DBE for the work on the CONTRACT, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE Subconsultant purchases or leases from the CONSULTANT or its affiliate).

3. Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specially required for the performance of a DOT-assisted contract, toward DBE goals, provided the fee is determined to be reasonable and not excessive as compared with the fees customarily allowed for similar services.
4. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the sub-tier Subconsultant is itself a DBE. Work that a DBE subcontracts to a non-DBE does not count toward DBE goals.
5. It is presumed that the DBE is not performing a commercially useful function if (a) a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its CONTRACT with its own work force or, (b) the DBE subcontracts a greater portion of the work of a CONTRACT than would be expected on the basis of normal industry practice for the type of work involved.

4.49 ENVIRONMENTAL PROTECTION

(This clause is applicable if this CONTRACT exceeds \$100,000. It applies to Federal-Aid contracts only.)

The CONSULTANT is required to comply with all applicable standards, orders or requirements issued under Section 306 of the Clean Air Act (42 U.S.C. 1857 (h)), Section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency (EPA) regulations (40 CFR Part 15) which prohibit the use under non-exempt Federal contracts, grants or loans of facilities included on the EPA List of Violating Facilities. Violations shall be reported to the FHWA and to the U.S. EPA Assistant Administrator for Enforcement (EN-329).

4.50 ENERGY CONSERVATION

(This clause is applicable to Federal-aid contracts only.)

The CONSULTANT is required to comply with mandatory standards and policies, as applicable, relating to energy efficiency, which is contained in the State Energy Conservation Plan issued by the DEPARTMENT in compliance with the Energy Policy Conservation Act (Public Law. 94-163).

4.51 PUBLICITY AND ENDORSEMENTS

The CONSULTANT must obtain the DEPARTMENT'S approval prior to releasing any publicity regarding the subject matter of this CONTRACT. Publicity includes, but not limited to, notices, informational pamphlets, press releases, research, reports, signs and similar public notices prepared by or for the CONSULTANT or its employees or its Subconsultants. Publicity does not include notices of the CONTRACT award or identification of the project in the SOQ or proposal made to government agencies. The CONSULTANT must not claim that DEPARTMENT endorses its products and services.

4.52 OWNERSHIP OF DATA

- a. The CONSULTANT agrees to maintain (in sufficient detail as shall properly reflect all work done and results achieved in the performance of this CONTRACT) tracings, plans, specifications and maps, basic survey notes and sketches, books, records, reports, research

notes, charts, graphs, comments, computations, analyses, recordings, photographs, computer programs and documentation thereof, and other graphic or written data generated in connection with the work required in the CONTRACT; all such information and documentation to be termed "Data" under this CONTRACT.

- b. All Data procured hereunder for the work funded by ADOT shall become the property of ADOT and delivered to ADOT upon request, and shall not be used or released by the CONSULTANT or any other person except with the prior written approval by the DEPARTMENT; provided that the CONSULTANT shall not be required to retain any Data not requested by ADOT within five (5) years from the date of final payment (*see Initial Closeout 4.41.a*) to the CONSULTANT hereunder; and provided further that until such delivery to ADOT, the CONSULTANT agrees to permit ADOT and FHWA representatives to examine and review at reasonable times all Data still in the possession of the CONSULTANT.
- c. All services, information, computer program elements, reports and other deliverables which may be patented or copyrighted and created under this CONTRACT are the property of the DEPARTMENT and shall not be used or released by the CONSULTANT or any other person except with the prior written approval by the DEPARTMENT.

4.53 PATENTS AND COPYRIGHTS

All services, information, computer program elements, reports and other deliverables which might be patented or copyrighted and created under this CONTRACT are the property of the DEPARTMENT and shall not be used or released by the CONSULTANT or any other person except with the prior written approval by the DEPARTMENT.

4.54 FRAUD AND FALSE STATEMENTS

The CONSULTANT understands that, if the project which is the subject of this CONTRACT is financed in whole or in part by federal funds, that if the undersigned, the company that the CONSULTANT represents, or any employee or agent thereof, knowingly makes any false statement, representation, report or claim as to the character, quality, quantity, or cost of material used or to be used, or quantity or quality work performed or to be performed, or makes any false statement or representation of a material fact in any statement, certificate, or report, the CONSULTANT and any company that the CONSULTANT represents may be subject to prosecution under the provision of 18 USC §1001 and §1020.

4.55 FEDERAL IMMIGRATION AND NATIONALITY ACT

GENERAL

The CONSULTANT, including all Subconsultants, shall comply with all federal, state and local immigration laws and regulations, as set forth in Arizona Executive Order 2005-30, relating to the immigration status of their employees who perform services on the CONTRACT during the duration of the CONTRACT. The DEPARTMENT shall retain the right to perform random audits of CONSULTANT and Subconsultants' records or to inspect papers of any employee thereof to ensure compliance.

The CONSULTANT shall include the provisions of this Section in all its subcontracts. In addition, the CONSULTANT shall require that all SUBCONSULTANTS comply with the provisions of this Section, monitor such SUBCONSULTANT compliance, and assist the DEPARTMENT in any compliance verification regarding its Subconsultant(s).

b. **COMPLIANCE REQUIREMENTS**

The DEPARTMENT retains the legal right to inspect the papers or records of the CONSULTANT and its Subconsultants who works on this CONTRACT to ensure compliance with A.R.S. §41-4401, Government Procurement, E-Verify Requirements.

By submission of an SOQ proposal, the CONSULTANT warrants that the CONSULTANT and all proposed Subconsultant(s) are and shall remain in compliance with:

1. All federal, state and local immigration laws and regulations relating to the immigration status of their employees who perform services on the CONTRACT; and
2. A.R.S. §23-214 (A) which states “After December 31, 2007, every employer, after hiring an employee, shall verify the employment eligibility of the employee through the e-verify program and shall keep a record of the verification for the duration of the employee’s employment or at least three years, whichever is longer.”

A breach of a warranty regarding compliance with immigration laws and regulations shall be deemed a material breach of the CONTRACT, and the CONSULTANT and its Subconsultant(s) are subject to sanctions specified in Section D below.

Failure to comply with a DEPARTMENT audit process to randomly verify the employment records of CONSULTANT and SUBCONSULTANTS shall be deemed a material breach of the CONTRACT, and the CONSULTANT and SUBCONSULTANTS are subject to sanctions specified in Section D below.

c. **COMPLIANCE VERIFICATION**

The STATE may, at its sole discretion, require evidence of compliance from the CONSULTANT and its Subconsultant(s).

Should the DEPARTMENT request evidence of compliance, the CONSULTANT shall complete and return the Consultant Employment Record Verification Form and Employee Verification Worksheet provided by the DEPARTMENT, no later than 21 days from receipt of the request for such information.

Listing of the compliance verification procedure specified above does not preclude the DEPARTMENT from utilizing other means to determine compliance.

The DEPARTMENT retains the legal right to inspect the papers of any employee who works on the CONTRACT to ensure that the CONSULTANT and its Subconsultant(s) is/are complying with the warranty specified in this Section.

d. **SANCTIONS FOR NONCOMPLIANCE**

For purposes of this paragraph, noncompliance refers to either the CONSULTANTS or its Subconsultants’ failure to follow the immigration laws or to the CONSULTANT’S failure to provide records when requested. Failure to comply with the immigration laws or to submit proof of compliance constitutes a material breach of CONTRACT. At a minimum, the DEPARTMENT shall reduce the CONSULTANT’S compensation by \$10,000 for the initial instance of noncompliance by the CONSULTANT or its Subconsultant(s). If the same CONSULTANT or its Subconsultant(s) is in noncompliance within two (2) years from the initial noncompliance, the CONSULTANT’S compensation shall be reduced by a minimum of \$10,000 for each instance of noncompliance. The third instance by the same CONSULTANT or its Subconsultant(s) within a two (2) year period may result in addition to the minimum

\$50,000 reduction in compensation, in removal of the offending CONSULTANT or its Subconsultant(s), suspension of work in whole or in part or, in the case of a third violation by the CONSULTANT, termination of the CONTRACT for default. Instances of noncompliance are counted on a firm-wide basis, not on a contract-by-contract basis.

In addition, the DEPARTMENT may declare the CONSULTANT or its Subconsultant(s) who is in noncompliance three times within a two-year period ineligible to perform on any DEPARTMENT CONTRACT for up to one year. For purposes of considering a declaration of ineligibility: (1) noncompliance by a Subconsultant does not count as a violation by the CONSULTANT; and (2) the DEPARTMENT shall count instances of noncompliance on other DEPARTMENT CONTRACTS.

The sanctions described herein are the minimum sanctions. In case of major violations, the DEPARTMENT reserves the right to impose any sanctions including and up to termination and debarment, regardless of the number of instances of non-compliance.

Any delay resulting from compliance verification or a sanction under this subsection is a non-excusable delay. The CONSULTANT is not entitled to any compensation or extension of time for any delays or additional costs resulting from compliance verification or a sanction under this Section.

An example of the minimum sanctions under this subsection is presented in the table below:

Offense by:			Minimum Reduction in Compensation
Consultant	Subconsultant A	Subconsultant B	
First			\$10,000
	First		\$10,000
	Second		\$50,000
		First	\$10,000
	Third		\$50,000 *
* May, in addition, result in removal and debarment of the Subconsultant.			

4.56 SCRUTINIZED BUSINESS OPERATIONS

In signing this CONTRACT, the CONSULTANT certifies, (1) pursuant to A.R.S. §35-391, that it does not have scrutinized business operations in Sudan; and (2) pursuant to A.R.S. §35-393, the CONSULTANT does not have scrutinized business operations in Iran.

4.57 PANDEMIC CONTRACTUAL PERFORMANCE

- a. The DEPARTMENT shall require a written plan that illustrates how the CONSULTANT shall perform up to contractual standards in the event of a pandemic. The DEPARTMENT may require a copy of the plan at any time prior to or at post-award phase of the CONTRACT. At a minimum, the pandemic performance plan shall include:
 1. Key succession and performance planning if there is a sudden significant decrease in the CONSULTANT’S workforce.
 2. Alternative methods to ensure adequate work force.
 3. An updated list of the CONSULTANT’S contacts and organizational chart.

- b. In the event of a pandemic, as declared by the Governor of Arizona, U.S. Government or the World Health Organization (WHO), which makes performance of any term under this CONTRACT impossible or impracticable, the DEPARTMENT shall have the following rights:
 1. After the official declaration of a pandemic, the DEPARTMENT may temporarily placed the CONTRACT(s) on "HOLD," in whole or in part, if the CONSULTANT cannot perform to the standards agreed upon in the initial terms.
 2. The DEPARTMENT shall not incur any liability if a pandemic is declared and emergency procurements are authorized by ADOT Director pursuant to §41-2537 of the Arizona Procurement Code (APC).
 3. Once the pandemic is officially declared over or the CONSULTANT can demonstrate the ability to perform, the DEPARTMENT, at its sole discretion may reinstate the temporarily voided CONTRACT(s).
- c. The DEPARTMENT, at any time, may request to see a copy of the written plan from the CONSULTANT. The CONSULTANT shall produce the written plan within 72 hours of the request.

4.58 PERFORMANCE EVALUATIONS

The CONSULTANT'S performance shall be evaluated periodically in accordance with the schedule set forth in **APPENDIX D** of this CONTRACT. Final CONSULTANT evaluations for CONTRACTS executed after **July 1, 2010**, shall be considered in the future CONSULTANT selection process as outlined in the Appendix.

4.59 CONTRACT COMPLETION

When technical review establishes that all phases of the CONTRACT have been completed to the satisfaction of the DEPARTMENT, a written concurrence is completed and signed by the ADOT PM and ADOT Group Manager to initiate the CONTRACT closeout phase. The CONSULTANT is notified, in writing, (Initial Closeout Letter) of the final closeout procedure which may include submittal of the final Payment Report, deliverables and the final audit, if applicable, of the CONSULTANT and all Subconsultant's records. The CONSULTANT shall submit all required deliverables as detailed in the CONTRACT.

TITLE 49 - TRANSPORTATION Subtitle A – Office of the Secretary of Transportation

PART 26 PARTICIPATION BY DISADVANTAGED BUSINESS ENTERPRISES IN DEPARTMENT OF TRANSPORTATION FINANCIAL ASSISTANCE PROGRAMS

[Code of Federal Regulations]; [Title 49, Volume 1]; [Revised as of October 1, 2008]
From the U.S. Government Printing Office via GPO Access; [CITE: 49CFR26.55]; [Page 300-302]

Subpart C Goals, Good Faith Efforts, and Counting

§26.55 - How is DBE participation counted toward goals?

- (a) When a DBE participates in a contract, you count only the value of the work actually performed by the DBE toward DBE goals.
 - (1) Count the entire amount of that portion of a construction contract (or other contract not covered by paragraph (a)(2) of this section) that is performed by the DBE's own forces. Include the cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
 - (2) Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, toward DBE goals, provided you determine the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 - (3) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.
- (b) When a DBE performs as a participant in a joint venture, count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals.
- (c) Count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract.
 - (1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, you must evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
 - (2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such

and extra participant, you must examine similar transactions, particularly those in which DBEs do not participate.

- (3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, you must presume that it is not performing a commercially useful function.
 - (4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (c)(3) of this section, the DBE may present evidence to rebut this presumption. You may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.
 - (5) Your decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to DOT.
- (d) Use the following factors in determining whether a DBE trucking company is performing a commercially useful function:
- (1) The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
 - (2) The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
 - (3) The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
 - (4) The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
 - (5) The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE lessees not to exceed the value of transportation services provided by DBE-owned trucks on the contract. Additional participation by non-DBE lessees receives credit only for the fee or commission it receives as a result of the lease arrangement. If a recipient chooses this approach, it must obtain written consent from the appropriate Department Operating Administration.

Example to this paragraph (d)(5): DBE Firm X uses two of its own trucks on a contract. It leases two trucks from DBE Firm Y and six trucks from non-DBE Firm Z. DBE credit would be awarded for the total value of transportation services provided by Firm X and Firm Y, and may also be awarded for the total value of transportation services provided by four of the six trucks provided by Firm Z. In all, full credit would be allowed for the participation of eight trucks. With respect to the other two trucks provided by Firm Z, DBE credit could be awarded only for the fees or commissions pertaining to those trucks Firm X receives as a result of the lease with Firm Z.

- (6) For purposes of this paragraph (d), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.
- (e) Count expenditures with DBEs for materials or supplies toward DBE goals as provided in the following:
- (1) (i) If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies toward DBE goals.

- (ii) For purposes of this paragraph (e)(1), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.
- (2)
 - (i) If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies toward DBE goals.
 - (ii) For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.
 - (A) To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.
 - (B) A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (e)(2)(ii) if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.
 - (C) Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph (e)(2).
- (3) With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, provided you determine the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward DBE goals, however.
- (f) If a firm is not currently certified as a DBE in accordance with the standards of subpart D of this part at the time of the execution of the contract, do not count the firm's participation toward any DBE goals, except as provided for in Sec. 26.87(i).
- (g) Do not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward your overall goal.
- (h) Do not count the participation of a DBE subcontractor toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

ENGINEERING CONSULTANTS SECTION (ECS) CONSULTANT EVALUATION PROGRAM GUIDELINES

Introduction & Purpose

The Consultant Evaluation Program is a program administered by ECS as a means to monitor and evaluate the quality of work performed on engineering consultant contracts. A positive approach to the program assures that project schedule, cost and quality of design and construction are attainable. This assures that potential problems, which may impact other projects or the 5-Year Construction Program, are identified and resolved in a timely manner.

All engineering consultant contracts shall be evaluated annually based on the CONTRACT'S Notice to Proceed (NTP) anniversary date by the ADOT staff assigned to the contract, including the ADOT PM, other Technical groups, ECS staff, etc., in accordance with applicable contract provisions. In addition to annual evaluations, a final consultant evaluation must be conducted at the end of all engineering consultant contracts.

Implementation Timeline

This evaluation program will be effective for all ECS contracts with a Notice to Proceed (NTP) date of July 1, 2010, or later. Annual evaluation using this program will be conducted on contracts which were NTP'd before July 1, 2010, but the results shall not affect the consultant selection.

Uses for Consultant Evaluation

The Consultant Evaluations shall be used for the following purposes:

1. To identify the CONSULTANT performance strengths and weaknesses, as well as help identify, document and resolve performance issues, as needed.
2. As one factor or criterion in the selection process for subsequent contracts. Final evaluations for CONTRACTS executed after July 1, 2010, shall be used as part of the selection process. Up to 5 points may be deducted from the CONSULTANT'S score during the selection process for final evaluation ratings of less than 3 (average performance) on performance factors of evaluation for projects a firm has completed for ADOT over a three-year time period.

Evaluation history to be used for selection shall include evaluation scores encompassing the most current three-year period at any given time. The three-year evaluation history shall be maintained for firm contracts executed after July 1, 2010. For example, a firm's evaluation history in FY 2013 would include scores from FY 2011 through FY 2013, in FY 2014, the evaluation history would include FY 2012 through FY 2014.

ECS will deduct points from the scores of submitted Statements of Qualifications (SOQ) for each firm based on performance rating as follows:

Performance rating of 1 or 2 on 1-2 evaluation factors	-1 Point
Performance rating of 1 or 2 on 3-4 evaluation factors	-2 Points
Performance rating of 1 or 2 on 5-6 evaluation factors	-3 Points
Performance rating of 1 or 2 on 7-8 evaluation factors	-4 Points
Performance rating of 1 or 2 on 9 or more evaluation factors	-5 Points

3. As documentation to justify disqualification of the CONSULTANT or Subconsultant from submitting Statement of Qualifications (SOQ) proposals. In order for ECS to take action that could lead to CONSULTANT disqualification from submitting SOQs, the ADOT PM or staff shall complete a Consultant Evaluation by initiating the process through the ECS Specialist. When an evaluation form is used to document issues which could lead to the CONSULTANT disqualification from submitting SOQ proposals (as outlined in Section 2.02 of the ECS Rules and Procedures), the ECS Specialist shall initiate consultant evaluation type “Other” in eCMS.
4. As documentation to justify the declaration of a breach of contract for the CONSULTANT’S failure to fulfill terms of the CONTRACT or to address problems identified by ADOT in the performance of the CONTRACT. In order for ECS to take action that could lead ADOT to declare a breach of contract, the ADOT PM or staff must complete a Consultant Evaluation by initiating the process through the ECS Specialist. When an evaluation form is used to document issues which could lead to a breach of contract being declared (as outlined in Section 4.17 of the ECS Rules and Procedures), the ECS Specialist shall select “Other” as the evaluation type in eCMS.

Procedures

ECS Specialist initiates the completion of consultant evaluation forms for CONTRACTS annually on the CONTRACT’S NTP anniversary date.

Since evaluations will be used as a factor in the consultant selection process, it is important for ADOT PMs, Resident Engineers or other appropriate staff to complete evaluations in a timely manner.

Please adhere to the following general guidelines in completing the electronic consultant evaluation in eCMS.

1. All consultant evaluations (Annual, Final or Other) shall be initiated by the ECS Specialist. ADOT PMs, who wish to conduct a consultant evaluation outside of the normal annual or final cycle should contact the ECS Specialist to initiate consultant evaluation type “Other” in eCMS .
2. Section I (Items 1-4) of the evaluation form shall be completed by ECS staff in eCMS and forwarded to the ADOT PM through automatic email notification.
3. The ADOT PM shall confer with other ADOT Project Team members involved in the CONTRACT and complete Section II of the evaluation form (Items 5-11) in eCMS. The ADOT PM shall forward the fully completed evaluation to the CONSULTANT electronically through eCMS within 14 calendar days from the receipt of notification from the ECS Specialist.

If the ADOT PM is a Supplemental Services (SS) CONSULTANT, the PM portion of the evaluation must be completed in eCMS by the SS CONSULTANT’S Supervisor or Manager.

4. Section II, Item 12 (Post-Design) shall be forwarded to the ADOT Resident Engineer (RE) by the ADOT PM for completion, as applicable. The ADOT RE shall confer with the ADOT PM and other ADOT Project Team members involved in the project and shall complete Section II, Item 12 within five (5) calendar days.
5. When totally completed, the ADOT PM shall discuss the evaluation with the CONSULTANT (telephonically or in-person) and “publish” it to the CONSULTANT through eCMS. The CONSULTANT shall complete Section III by indicating the their agreement or disagreement

with the ratings, type comments and “publish” the evaluation back to ADOT through eCMS within ten (10) calendar days, with the goal of completing the entire evaluation process within 30 calendar days.

ADOT PMs should encourage the CONSULTANTS to share the results of the Subconsultant’s portion of the evaluation with their Subconsultants.

General Guidelines

1. Each individual line item in the evaluation constitutes a performance factor.
2. ECS shall assign negative points based on individual factor scores, not on an overall composite score.
3. Each individual performance factor and category on the form shall be treated equally.
4. General comments are highly recommended to support scores in each major performance category.
5. Documentation and specific comments must be included to justify any performance factor receiving a score of 2 or less.
6. The ADOT PM, ECS and other appropriate ADOT staff are encouraged to take appropriate steps to resolve performance issues with the CONSULTANTS, as they arise, in a timely manner, and to document these issues in the eCMS Evaluation tab for that particular CONTRACT. This information shall be used as a means of documenting issues for future evaluation ratings.
7. If performance issues arise, ADOT PMs and ECS Contract Managers should expeditiously inform the CONSULTANTS, in writing, that they are performing unsatisfactorily (using the Issues Resolution form in eCMS) to provide them the opportunity to take corrective action to cure the deficiency before they are formally evaluated (Annual or Final evaluation). The following steps must be taken if there are performance issues with the CONSULTANT, which could potentially lead to an evaluation score of less than 3 (average):
 - a) If communicating to resolve the matter with the CONSULTANT informally does not resolve the issue, the ADOT PM, ECS Specialist, ECS Manager or other appropriate ADOT employee shall notify the CONSULTANT, in writing, of the deficient performance, identify the required solutions and establish a deadline to resolve the issues. The Consultant Performance Issues Resolution form in eCMS should be completed by the appropriate ADOT staff and forwarded to the CONSULTANT for further action, as needed.
 - b) If the CONSULTANT does not respond within ten (10) business days or other timeframe specified on the form and/or the matter is still unresolved after the deadline set for the cure, it is appropriate for the ADOT staff to rate the CONSULTANT a two (2) or less on the applicable evaluation criteria on the consultant evaluation form.
8. The CONSULTANT should take the initiative to expeditiously contact the ADOT PM or ECS if they are experiencing difficulties which could result in a score of less than three (3) on any performance factor. The CONSULTANT should identify any problems, state proposed resolutions and specify dates the CONSULTANT expects to resolve the issues.

9. Subconsultant performance will affect the scores of the CONSULTANT as it relates to performance factors in item #9, "Utilization of Key Subconsultants." Therefore, it is important for the CONSULTANT to closely oversee the work of their Subconsultants.
10. The Subconsultant scores on Item #10 of the evaluation will not affect the scores of the CONSULTANT. ECS will maintain an evaluation history on Subconsultants.
11. If the CONSULTANT or Subconsultant receives ten (10) or more scores of two (2) or less on evaluations within a two-year time period, these firms may be evaluated as candidates for disqualification from submitting future SOQs to ECS, and may not be eligible for work as a CONSULTANT or Subconsultant on ECS contracts for a minimum of one year. A list of CONSULTANTS that are pre-qualified and/or disqualified from submitting SOQs will be posted on the ECS website. Individual consultant evaluation scores will not be posted.
12. New CONSULTANTS with no ADOT contracts or evaluation history shall be evaluated according to the criteria outlined in the SOQ Package and shall not be evaluated based on past performance.
13. CONSULTANTS' ratings shall not be adversely affected if ADOT reduces the scope of work or in some way delayed or impacted the ability of the CONSULTANT to reasonably meet a performance factor.
14. There is no formal escalation process for consultant evaluation issues at this time. However, if the CONSULTANT believes that the firm has been unfairly evaluated and rated, the firm can indicate its points of disagreement on the evaluation form itself or submit a letter to ECS, which shall be included as an official part of the evaluation file and may be considered by ECS as a mitigating factor.
