

INFORMATION BULLETIN NO. 24-01

DATE: January 12, 2024

TO: Consultant Engineering Firms
ADOT Project Managers
Resident Engineers

FROM: Korina Lopez 
Group Manager
Engineering Consultants Section

SUBJECT: **2022-006 – Current Project Development On-Call Series**

The current 2022-006 Project Development On-Call Contract series, used at ADOT's discretion to expedite A&E projects while in compliance with the qualifications based requirements of 23 CFR Part 172, states each task authorization shall not exceed \$750,000 without the ECS Manager's written approval.

Due to the continuing increase in materials and services, in an effort to utilize this contract series as intended and to its fullest potential, the design budget limit will be increased to \$1,000,000. This change is effective January 1, 2024.
