INFORMATION BULLETIN 98-04

TO: Consultants

FROM: Engineering Consultants Section *ARB*

SUBJECT: Locations For Oral Interviews

Information Bulletin 97-04 established that oral interviews for consultant selections would be held at ADOT offices. The purpose of this decision was to satisfy concerns about different consultant offices that could leave inconsistent impressions on selection panels. Since the issuance of that directive suggestions have been received from consultants and selection panelists to allow the location of the interviews to be optional. Therefore the following policy is established:

Consultants that are shortlisted for a contract requiring oral interviews will be given the option of holding the interview at their office. If all of the shortlisted consultants request to have the interview at their office this request will be granted. If one or more of the shortlisted consultants request to have the interview held at ADOT offices then all interviews will be held at ADOT.
