I consent to comply with the financial responsibility verification conducted by the Motor Vehicle Division or submit to the suspension of the manufacturer registrations and number plates.

I fully understand it is mandatory to carry evidence in the vehicle of current financial responsibility applicable to that motor vehicle when the motor vehicle is being operated on any highway in this state.

The right to use a manufacturer test plate issued in conjunction with any manufacturer/distributor license expires on the license continuation date. If filed after midnight on the license continuation date, the fee will be delinquent and a penalty equal to the fee will be added and collected.
