I am the proprietor of the garage, repair shop or service station shown above. On or about the Estimate Date above, the owner of the vehicle above agreed to pay me, for and in consideration of labor, material, supplies and storage for said motor vehicle, the Work Order Estimate above. I did furnish for said motor vehicle, pursuant to the aforementioned agreement, labor, material, supplies and storage, as listed on the attached copy of work order, invoice or sales slip, all of which was completed on the Repair Date above. There were no liens or conditional sales of record against said motor vehicle at the time I began to furnish said motor vehicle with labor, material, supplies and storage. Said motor vehicle was retained in my possession for 20 days after completion of the aforementioned services; for which there remained an unpaid balance.

☐ The owner then failed to pay said balance within 10 days after being notified to do so. (Notice required only if the owner resides in the same county where the vehicle is located.)

Upon failure of said owner to pay said balance, I proceeded to sell said motor vehicle at public auction. Five days notice of such sale (a copy of which is attached) was given the owner of said motor vehicle by one of the following:

- ☐ By sending the notice of sale to the owner of said motor vehicle by registered mail, evidenced by the attached return receipt.
- ☐ By publishing the notice of sale in two publications of a newspaper in the county in which the motor vehicle was sold, as shown by attached affidavit of publisher (if the owner cannot be located).

Said motor vehicle was sold on the date below in accordance with the provisions of the notice of sale for the Sale Amount listed below. A bill of sale was given the buyer, which described said motor vehicle, showed the amount paid for the same, and indicated that said motor vehicle was sold pursuant to the provisions of ARS 33-1023.
