## CONCENTRATED INSPECTION REQUIREMENTS

Our vehicle inspection procedure is specifically dedicated to routinely-scheduled, timely, on-site vehicle verification inspections, which provides optimal customer service.

The success of this depends upon following all of the requirements listed below.

If you have questions, please contact any ADOT level II/III vehicle inspection office; location information available at the Motor Vehicle Division website at [www.azdot.gov](http://www.azdot.gov). Thank you.

### Requirements:

- Minimum of 5 vehicles must be ready for inspection prior to requesting an inspection
- Vehicles to be inspected must not be mixed with vehicles that are not being inspected or that have already been inspected
- Vehicles to be inspected must be placed in an area pre-designated for **only** those vehicles to be inspected
- Pre-designated inspection area must be clear of any debris and in a condition that will not be harmful to the safety and welfare of the officer
- Vehicles not in the pre-designated inspection area will not be inspected
- Vehicles to be inspected must not be stacked
- Vehicles to be inspected must not be within 50 feet of any stacked vehicles
- There must be a clear corridor of at least 4 feet between vehicles
- All necessary documentation must be immediately available for the officer
