UNDERGROUND STORAGE TANK SALES REPORT

This report is to be filled out by Underground Storage Tank (UST) suppliers who have made sales to UST owners during the calendar year. See instructions on back.

Supplier Name	Supplier ID Number	For Calendar Year	
Address	City	State	Zip

UST Owner Name and Address	UST Owner ID #	Type	Total Gallons

Total Gallons (all types)

This report is to be completed and sent to the address above by March 31st of the year following the reported calendar year. If the March 31st deadline cannot be met, the UST supplier can contact the UST unit and request an extension.

The UST owner is required to have the UST registered with the Arizona Department of Environmental Quality (ADEQ), which then issues the UST owner a UST Owner Identification Number (OIN). This number is to be utilized when reporting UST sales. A UST owner that owns more than one tank should have all of the UST's reported under the UST Owner Identification Number.

There are four types of regulated substances that should be reported: motor vehicle fuel, diesel, oxygenated motor vehicle fuel and aviation fuel. When completing the form, please use the following numbers to identify the fuel type:

- 10 Motor Vehicle Fuel
- 20 Diesel
- 30 Oxygenated Motor Vehicle Fuel
- 110 Aviation Fuel

If you sold more than one type to an individual UST owner, use a separate line for each type and fill in the total gallons sold by each type.

Example

UST Owner Name and Address	UST Owner ID #	Type	Total Gallons
Sample Oil Co 123 E Any St Phoenix AZ 85001	1234567	10	25,000
Sample Oil Co	1234567	110	12,000
Sample Oil Co	1234567	210	30,000

If you have any questions, please call the Underground Storage Tank Unit at 602-712-8498.
