How Does It Work?

This program provides a means to suppress the addresses, telephone number, all physical

description and digital photograph on all driver license and vehicle records, to include all documentation saved in the database.

The Arizona record redaction program applies only to records maintained by the Arizona Motor Vehicle Division. Program participants may still have other personal information that may be publicly accessible in other public records, websites and commercially available databases.

Here are the required steps:

1. The eligible person fills out an affidavit form provided by the Superior Court in the county where he or she resides. azcourts.gov/selfservicecenter/forms/personal-information-redaction
2. Affidavit is submitted to the individual's commanding officer or the agency's established point of contact for this program.
3. Commanding officer or contact person submits the affidavit to the Superior Court.
4. Court issues a court order.
5. The Dept. of Transportation court order does not expire.
6. Court notifies the agency contact of its ruling on the affidavits.
7. Court also notifies the Arizona Department of Transportation, Office of

Inspector General, Law Enforcement Coordination Unit (LECU) that the affidavit has been granted.
