Sign width varies by shields and cardinal direction. Sign width varies in even foot increments. If sign width is an issue, reduce edge or text spacing or use Series D.

On multi-line signs, horizontally center destination text groupings relative to one another.

* Center entire legend package horizontally on each panel or sub-panel.

Arrow may be relocated to the right side for a right-hand exit.

If multiple route shields are used, space horizontally at 15".

See HOV panel detail for dimensions
